

IT Systems & Support Limited
Job Description – IT Systems Support Technician
Job Reference - ITS008 – V1.02

Foreword

IT Systems & Support Limited is a vibrant and forward thinking company which is dedicated to providing high quality, total IT solutions exclusively for the education sector.

We are based in Darlington and provide a variety of services to our supported clients which include on-site, remote and web based support as well as being an Internet Service Provider (ISP) exclusively for Education. Our belief and ethos is to free organisations from the day-to-day management of IT solutions, enabling them to concentrate and excel in delivering the curriculum. Our remit is to support schools enabling them to raise standards of achievement and to improve the quality of teaching and learning.

As a company we believe in long-term partnerships whilst developing relationships and trust with our customers. IT Systems & Support are proactive enablers for driving forward IT and tailoring it to the specific needs and requirements, encapsulating all aspects of our supported service. We create and share information, develop digital resources and help to improve administrative efficiency through the use of Information Technology.
